Digitization on Track

Almoayyed International Group has successfully completed the pilot launch of the Corporate Digital Banking & Mobile Application with Bahrain Islamic Bank being the first Corporate Client to use this new platform.

This supports the Group's initiative in digitizing its operations more specifically in the treasury, finance and administration fields. The Group has also been working closely with organizations in Bahrain

to embrace new technologies and systems.

"Digitization is set to become a key position in business. Pervasive connectivity, cheaper and more powerful computing power, and variations in the behavior of digitally connected customers are shaping a new digital era" said Mohammed Almoayyed, Chairman of Almoayyed International Group. "It has been a pleasure working closely with BisB Bank for the pilot project, finding ways to bring the best digi-

tal banking facility possible to its customers."

Wesam Baser, GM of Corporate & Institutional Banking at BisB commented "BisB is very proud to have Almoayyed International Group as the first corporate client to start its pilot launch with. Almoayyed has proved its success in the digitization world and BisB is keen to have such organizations onboard and build on their feedback. The bank will continue investing in technologies that ease our clients' experiences.
