Almoayyed Solar Wins Major Contract

King Hamad Hospital has signed a million bahraini dinar solar project with Almoayyed Solar. The project will begin in October 2019 and will be equipped with high-efficiency photovoltaic modules, IOT (Internet of Things) based smart inverters and state-of-the-art fully automatic power control systems. Once operational, the system will produce 4000 kilowatts of electricity. This translates into a total capacity of 6.57million units per year. The project will be designed, tested and commissioned 100% inhouse by Almoayyed EWA Approved solar engineers in association with SEPCO3, a Chinese state-owned construction and engineering company specialized in manufacturing of thermal and nuclear power plants. The project will be completed within 6 Months.

Almoayyed Bids Farewell To Long-time Team Member

Mr. Alex

Almoayyed International Group bid a farewell reception to Mr. Alexander Thomas, General Manager of Almoayyed Commercial Services, who worked for the company for more than three decades. In 1988, Mr. Alex started his career as a Sr. Sales Executive in Almoayyed Commercial Services and has worked at different positions in the company and was then promoted to General Manager in the year 2005. The company was very much moved by Mr. Alex consistent dedication, and sense of midst of piercing competition, exploring new business opportunities and fulfilling his duties as General Manager of the Almoayyed Commercial Services. Almoayyed management would like to take this opportunity to express their deep appreciation to Mr. Alex and wish him all the best in his future endeavours.
