

AIG Newsletter

July - Sept 2016 | Issue - 05

Finance & Commercial staff of Almoayyed International Group took part in a friendly get-together organized at its Head Office - Ma'ameer. A happy, efficient team is a productive and innovative one to pursue our goals more effectively.

AEIS ENGINEERING ACHIEVEMENT

Almoayyed Electrical & Instrumentation Systems has recently delivered a Gas Pressure Reduction Skid (GAS flow rate 0-5 MMSCFD) to Mondelez Biscuits International for their Industrial production utilities in Bahrain. AEIS was awarded the project due to the company's commitment to critical delivery schedule, availability of products from Honeywell, qualified engineers, technicians and its state-of-the-art skid manufacturing facility in Bahrain. The project was completed in 6 months and met all ISO 9001 and ISO 14001 health and safety standards, test procedures and gas industry norms. AEIS scopes of work included – custom design engineering, material procurement, fabrication, installation, testing & commissioning services at site.

What's On

Training Conducted

Almoayyed Trading & Contracting Sales & Technical staffs attended the fire suppression training given by Mr. Jamie Anderson - General Manager (MENA Region), Fire Eater – Denmark.

Project Awarded

AIRMECH has signed a half million dinar project with Almoayyed Fire & Safety recently.

"THE AVENUES - BAHRAIN" project compasses of 265,000 square meters in a strategic location with a unique 1.5 kilometers sea view, 75000 square meters stretch of coast including greeneries, landscapes, children's outdoor play areas, a running track and outdoor gym sets, waterfront restaurants and cafes, retail outlets, a suq, an indoor market and entertainment options such as movie theatres, children's arcades and a public park covering 85 per cent of the site.

Almoayyed scope of work involves - design, supply, installation, testing and commissioning of firefighting services. The Avenues-Bahrain is expected to open in the first quarter 2017.

SITCO Opens New Branch at Oman

Season International Trading & Industries (SITCO) has further expanded its presence in the Sultanate of Oman with the opening of a new branch. Oman's strong strategies and aggressive campaigns towards industrialization make it a rich market for SITCO's core businesses.

SITCO has been active in the Kingdom of Bahrain and KSA since 2000 specialized in industrial packaging materials & equipment supplier, personal protective equipment & baling and compacting machines. The new branch of SITCO will further enrich its offering to clients through a wide range of industrial packaging products and services.

ASIC announces its name change to Almoayyed Fire & Safety Co. WLL.

Almoayyed Safety Industrial Centre (ASIC) announced that the company has changed its name to Almoayyed Fire & Safety Co. WLL.

The name change reflects the company's broader fire & safety commitment and its expertise in protecting the people and property through state-of-the-art fire and safety technology solutions. The name change will also emphasize its wide range of business objectives and to streamline the business activities by segregating various products segments to recognize them as individual business entities.

Felicitation Ceremony

Mr. Mohammed Ahmed Al A'Ali, Director of Almoayyed International Group has handed over the promotion letter to Mr. P. Kumar, Mr. Balaji Rangaswamy and Mr. Mahesh Ghorpade along with Mr. S.M. Hussaini and Mr. Ajay Jain during the felicitation ceremony held on 20th September 2016 at AIG Board Room.
